I'm really impressed with the way Kasum taught my daughter, he made her step up and reach her full potential. The teaching standards were outstanding my daughter learnt a lot he kept her motivated throughout and didn't give up. She received alot of support which really made a difference to my daughter. I'm very pleased with the service received.

Broad tuition has been very good to us. They have been excellent. The tutors are great and very patient with children. They go through children's work and provide weekly advice. It's a busy life for me but they have make the journey to Grammar School easier for my boy who has now passed his 11 plus exam. Thank you Mr Kasum and all Tutors at Broad Horizon. I will definitely recommend them to all 👍👥

I highly reccommend this academy because the teachers truly care about the students and they also really push the child to the best of their ability. I have three children two of which have passed because of this academy and one is preparing from here.
