Pages 10-11 – Hamster! Hamster!

1. E.g. The hamster suddenly bites the narrator.
2. toffee and a bog
3. “and he... BIT ME!”
4. a. “darling little paws” OR “like a doll’s hands”
b. Different. E.g. In lines 28-29, the narrator says that the hamster’s claws are “vicious” and “as terrible as a tiger’s” which makes them sound dangerous.
5. E.g. The line should be said more loudly than the rest of the poem.

Now Try This: E.g. Yes, because the hamster in the poem sounds very cute, and the narrator was only bitten because they put their finger close to the cage. E.g. No, because the hamster in the poem bit the narrator, so if I had a hamster I would be worried that it would bite me.

Section 5 — Find the Figure Like the First Three

1) **D**

All figures must have a large white head, two smaller white ears and a white nose which are all the same type of shape.

2) **A**

All figures must have a grey square on the left-hand side of the grid, and a black square on the right-hand side of the grid.

3) **D**

In all figures, the two arrowheads at the ends of the line must point in the same direction as the tip of the raindrop.

4) **B**

All figures must have two white shapes and a grey banana. The grey banana must be at the front.

Section 6 — Odd One Out

1) **E**

All other figures have the black rectangle on the right-hand side. (In E, it's on the left-hand side.)

2) **D**

In all other figures, the small grey circle is next to the gap cut out of the black triangle.
(In D the circle is on the opposite side.)

3) **D**

In all other figures, the black circle is in the middle column of the grid. (In D it's in the right-hand column.)

4) **B**

All other figures are footprints of a right foot. (B is a footprint of a left foot.)
